Monitoring and Administrative Procedures for SAFE Investment Round – Cyberit Systems AS

This letter serves as a formal confirmation that **Cyberit Systems AS** ("the Company"), a Norwegian private limited company (AS), will itself perform all monitoring and administrative functions in connection with the ongoing SAFE (Simple Agreement for Future Equity) investment round for an investor ("the Investor").

This letter is intended to provide investors with clarity regarding the Company's internal procedures for handling SAFE agreements of the type *Valuation Cap, No Discount*, as published by Y Combinator, using the SAFE: Valuation Cap, No Discount template.

---

1. Scope of Monitoring and Administration

The Company confirms that it will carry out the following tasks:

1. Receive an electronically or manually signed SAFE agreement.
2. Perform identification requirements in accordance with **6. Identification Requirements**.
3. Sign the agreement received and return it to the Investor in electronic format.
4. The SAFE agreement is fully effective when the agreed investment amount is received by the Company.
5. Issue electronic confirmation notices (email) to investors acknowledging:
   a) Receipt of a fully signed SAFE agreement.
   b) Confirmation that the Company has received the corresponding investment amount.
   c) Delivery of electronic copies of the signed agreements.
6. Issue and send the original signed documents (by mail) signed by Knut Brinch upon request. The Company is required to hold multiple signed copies of each SAFE agreement.

---

2. No Registration of Ownership Yet

The Company confirms that, under Norwegian law, investors signing a SAFE do **not** become shareholders at the time of signing. No shares are issued, and no entries will be made in the Norwegian Register of Business Enterprises (Brønnøysundregistrene) until the SAFE converts into equity in a future financing round or other defined conversion event.

---

3. Confirmation of Executive Authority and Safeguards

The Company confirms the following based on publicly available corporate information from the Brønnøysund Register Center (https://virksomhet.brreg.no/en/oppslag/enheter/993563137):

- **Knut Brinch holds prokura** and possesses full signing authority on behalf of Cyberit Systems AS, according to the registry entry.
- Accordingly, **Knut Brinch is authorized to execute SAFE agreements and all related corporate documents** on behalf of the Company.

Asset Safeguards

For the duration of the SAFE round and until all SAFE instruments convert:

- All Company assets, including patent assets, shall remain within Cyberit Systems AS and shall not be transferred, assigned, or otherwise moved out of the Company.
- If the Company undertakes any restructuring, including but not limited to:
  (i) transfer of assets to another legal entity,
  (ii) establishment of a subsidiary or parent in another jurisdiction, or
  (iii) relocation of the Company's core business,

the Company confirms that all assets, patent assets, and all rights and obligations under the SAFE agreements shall follow such restructuring, ensuring that investors' economic rights are preserved until conversion.

Disclaimer:

The Company intends to preserve its assets and rights under the SAFE agreements. Material transfers of assets, patent assets, or corporate restructuring that may affect SAFE rights **may only occur with the approval of the Company's board of directors**. This statement reflects the Company's governance policy and intent and **does not constitute a legal guarantee or binding security interest regarding future corporate actions**.

---

4. Jurisdiction and Limitations

This confirmation letter:

- Does **not** modify, interpret, or supersede the terms of any SAFE agreement.
- Does **not** provide legal advice under U.S. or California law.

- Does **not** constitute a security interest, negative pledge, or guarantee of future corporate actions.

All questions regarding the interpretation or enforceability of the SAFE agreements remain governed by the jurisdiction stated in each SAFE.

---

5. Reliance

Investors may rely on this confirmation letter **solely** for the purpose of verifying:

- The Company's monitoring and administrative procedures for the SAFE round; and
- The Company's confirmation of executive signing authority and safeguards.

No other reliance is permitted.

---

6. Identification Requirements

In accordance with the Norwegian Anti–Money Laundering Act (*Hvitvaskingsloven*), the Investor must provide the following identification documents:

6.1 Private Individuals

- A copy of a valid passport.
- A copy of a recent utility bill or other official document (not older than 3 months) showing the Investor's residential address.

6.2 Companies

- A copy of the company's certificate of registration from the relevant public register.
- Identification documents for individuals authorized to sign on behalf of the company (e.g., passport and proof of address).
- Information regarding ultimate beneficial owners, in accordance with applicable AML requirements.

For and on behalf of Cyberit Systems AS
